## Jacks and Idlers Have Great Night

Saturday was a great night for Basketball in Raymond, when the Union Jacks and Idlers both piled up tremendous scores against their opposing teams, the total points in both games, being identical, viz. 65 for a total score in each game, the Idlers scoring 52 against the Maple Leafs 13, while the Jacks pounded the hoop for 54 against the Wildcats total of 11. Probably never before has there been a night when two such games were played.

There was an enthusiastic crowd present, which filled the hall, all anticipating a close and interesting game, after the Wildcats winning from the Jacks in Calgary and then beating the Aces in Lethbridge the night previous to the game here. It is probably fortunate the score was not too close, as the enthusiasm of the crowd knew no bounds as it was, and had the score been close and any questionable decisions, well, the outcome can only be guessed at, of course.

The Leafs and Idlers played fast, the first half closing with a score of 15-13 in favor of the Idlers. This half was interesting both teams working hard and checking closely. In the second half Cardston was playing hard, but were not able to score while the Idlers pelted the hoop mercilessly, piling up 37 points and substituting until every player in uniform had scored a field goal. No one seemed to know what was wrong with Cardston. They rained quite a few shots at the hoop, but they simply wouldn't go through, while Raymond hardly seemed able to miss. Cardston never registered a single point in the second half.

### WILDCATS GET THEIR CLAWS TRIMMED

A great burst of applause greeted the Jacks when they trotted onto the floor to warm up, which was increased when they were followed by the Calgary Wildcats. Both teams are trim and neat appearing in personnel and of good average size, and with the record the Wildcats have made so far this season, everyone was all set for a thrilling and hotly contested encounter.

The game opened with a fast pace, and kept up continually with never a pause. The Wildcats are fast and clean players but the Jacks have developed a better combination, surer shooting, and quicker passing. Fairbanks has worked on some of the ball handling of the Ilklemites and Swedes, and is very clever in keeping the ball away from the other fellow, and in passing. He also has a trick of coming out of a scramble under the net to score, before opponents can gather themselves.

Raymond commenced scoring in the early minutes of the game, and after six minutes of play, Calgary called time out to talk it over. But the scoring went on. Raymond gathered in 25 points in the first half, and 29 in the second for a total of 54, while Calgary got 9 in the first half, 7 by L. Olson and 2 by his brother "Norm," and 2 in the second half, a field basket by Zabok.

E. Dick, one of Calgary's best men, had a bad knee which he was compelled to favor all evening, and this cramped his play a great deal, and slowed up team work on the floor.

Never have the Jacks unlimbered and went at it like they did Saturday night. They were invincible and if they could always team like they did then, an shoot with such certainty,

### Board of Trade Meeting Monday

The regular meeting of the Raymond Board of Trade will be held in the Town Hall, Monday, March 4th, 8:15 p.m.

The feature of this meeting will be addresses on "Single Tax" by speakers from Milk River, where this system is in operation, and according to reports is working very well. A discussion of the problem will also take place after the talks.

The Road Committee, which has held several meetings re the road from here to Craddock or the Sunshine Trail will also give a report.

Everyone is invited, and if you have not paid your membership, be at the meeting anyway and you will have a chance there to join, and of course, we know you will want to.

### OLD FOLKS RECEIVE FLOWERS

Following the Old Folks Party last week, Mrs. S. B. Card and W. H. Zobell, spent the next afternoon distributing fresh flowers, from the party to the following:

Mrs. Audenart, Mrs. Bascom, Mr. and Mrs. Clarke, Mr. and Mrs. Huddle, Mrs. Hicks, Mrs. Litchfield, Mrs. Stevenson, Mr. Buckholt, Mr. and Mrs. H. S. Allen, Mrs. Powelson, Mrs. Collett, Mrs. Hancock, Mr. and Mrs. H. Coles.

Mrs. Card tells us that the Old Folks were delighted with the remembrance, and at every place they stopped, they were invited to visit for awhile, so they decided that next year they would start out in the morning so they would have some time to spend with those they visited.

### WEDDING BELLS

#### LAWSON — NILSSON

At the residence of Mrs. Lawson, 528 12th street south, the wedding took place on Saturday afternoon of Robert Lawson to Miss Luella Nilsson of Raymond daughter of Mr. and Mrs. Earnest Nilsson. They were attended by Miss Gladys Nilsson, sister of the bride and Mr. John Lawson, brother of the groom. Only immediate relatives were present with the Rev. J. N. Hepburn performing the ceremony. Mr. and Mrs. Lawson will reside in the city. —Lethbridge Herald.

Mr. and Mrs. Teddy Grey were host and hostess at a delightful Chicken Supper, with all the trimmings, and Bridge party, 4 tables being in play. Mrs. Hanson, Nalder and Dick O'Brien won high score prize, and Mr. and Mrs. Albert Winkler won the consolation prize.

taking the Provincial title would be just like another practice to them. If you doubt this ask any of those who watched the game. They were on with a vengeance Saturday night.

## Dads and Lads Of Both Wards Have Successful Banquet

The Dads and Lads of the two Raymond Wards held their annual Fathers and Sons Banquets last Friday night, the First Ward meeting in the Opera House and the Second Ward in the Ward Chapel. 135 sat down to the long tables in the Second Ward, and 127 in the Opera House. Both halls were nicely decorated for the occasion, the decorations in the Second Ward being in charge of E. S. Hawk, were very novel, a design of the Union Jack being worked out in crepe paper down the full length of the hall.

The 2nd Ward program was as follows:  
Speech of Welcome—Scoutmaster R. W. Salmon, Bishop Walker as Master of Ceremonies.  
Tests by Tenderfoot, Second Class and King's Scouts, the latter in signalling.  
Toast to the King — E. L. Spackman.  
Toast to Town of Raymond—Sidney Romeril.

### WEDDING BELLS

#### BRICKER — MCPHIEE

The wedding was solemnized in Lethbridge, Monday afternoon at 2:30, of Miss Vera McPhee, eldest daughter of Mr. and Mrs. L. McPhee, Raymond and Mr. Oliver Bricker, of Blackie, Alberta, the Rev. J. M. Pritchard officiating. The happy young couple were attended by Mr. and Mrs. McPhee, parents of the bride, and a few friends.

On Tuesday evening a shower was held at the home of Mr. and Mrs. Russell Nielson, sponsored by Mrs. Nielson and Miss Ella McPhee, sister of the bride. There were 55 guests present at this shower and a beautiful array of gifts were presented to the bride, and refreshments enjoyed by all.

The happy young couple will reside in Blackie, where the groom's parents live, and where he has interests. The best wishes of the community will go with them to their new home.

#### MRS. T. J. O'BRIEN HONORED

Mrs. T. J. O'Brien was guest of honor at a birthday party Thursday, at the home of her daughter Mrs. H. Wilbeck, arranged by Mrs. Wilbeck, an members of the old Taylor Stake Relief Society Board over which Mrs. O'Brien presides a great many years. A delicious Turkey Dinner was served, and reminiscences of years of work were talked over by the group. Mrs. O'Brien was presented with a beautiful bowl of carnations by those present.

Seated at the table, besides the guest of honor were: Messrs. Scoville, Snow, Roberts, Kirkham, Erickson, Jensen and Merkle of Magrath, Evans, L. O. and T. O. King, Wing, Nalder, Brundley, Dahl, Grey, Walter and Knight.

A most enjoyable and happy afternoon and evening is reported by all.

## News Notes

Coming to Brewerton's Capitol soon "The Lives of a Bengal Lancer."

One of the finest pictures of all time "The Count of Monte Cristo," playing at the Capitol, Friday and Saturday.

The weather has been very pleasant this week, with frosty nights and clear warm days. Perfect February weather.

Mrs. Fern King entertained at a Rook party last Friday afternoon, the prize for high score going to Mrs. Hamp Witbeck, and consolation to Mrs. R. Woolf. Refreshments were served during the afternoon.

Janet Gaynor and Warner Baxter, the stars of "Daddy Long Legs," are back again in "ONE MORE SPRING," next week-end at Brewerton's Capitol Theatre.

Mr. and Mrs. Dave Meldrum returned Monday night from their holiday trip to Utah and Idaho. Dave states that things as far as irrigation is concerned are not encouraging except small acreage near Provo Bench and at Nephi. There was very little snow in the mountains when they left to come home and spring is almost there with those people. Lakes and rivers are still very, very low. Dave reports a very enjoyable visit with relatives and friends, and is glad to be home again.

Coming from behind an eleven point lead which Cardston piled up on them in the game Wednesday night in the Temple City, the local Second Ward "M" Men pulled the fat out of the fire to over come that lead and win the total point two game series by the narrow margin of 2 points in the game in the Opera House here last night.

Conceded by all to be intensely interesting, and by some to be exceedingly rough, the boys went at it hammer and tongs, as the saying is, on both sides, fighting for the chance of a trip to Salt Lake City to represent the three Canadian Stakes in the Church finals, which commences there next Wednesday. Cardston and Taber, the Lethbridge Stake representatives, played a sudden death game in Taber Mon. evening, the decision going to the Cardston 2nd Ward, representing the Alberta Stake. Then Wednesday night Raymond 2nd Ward met the Alberta Stake Champions in Cardston, where the locals suffered defeat to the score of 26-37.

Eleven points was a comfortable lead, and Cardston came to Raymond confident of taking the game home and representing the Canadian Stakes in Salt Lake again this year as they did last year. However, the local boys, after working hard all winter and playing good ball, were full of fight, and from the first whistle to the last were in there with the hopes of a trip in their minds, and they never lost sight of that vision all the while they were playing.

Schow, former Cardston man, was high scorer of the evening, sinking the goboon home repeatedly for counters, from away out, where the visitors thought there was no danger of scores being made. Following him came Hawk with 9. For Cardston Cardwell was High scorer with 11 points. The game got rather rough, but it was fair, at least as fair for one side as the other.

Before the echoes of the final whistle died down the fans had the victors on their shoulders carrying them around and the players themselves hugged and almost kissed each other in their joy.

Earl Zemp and J. Shoppbottom had the whistles for the game.

The players and score was as follows:

Cardston: Cardwell, 11; Leishman, 3; Duce, 2; Kearl, 6; Spencer, 4; Cure, 1: Total 27.

Raymond: Schow, 19; Hawk, 9; Fairbanks, 4; Williams, 2; Holland, 6; Evesson, Meldrum, Hawkins. Total 40.

The above Raymond lineup with Stan Jones who has been coaching the local boys will make the trip to Salt Lake, City leaving Saturday morning by car.

The best wishes of the Taylor Stake people will go with them on their trip.

### U. F. W. A. MEETING

The local U.F.W.A. met in the Town Hall last Thursday in their regular meeting with the President Mrs. M. R. Woolf in charge.

The U. F. W. A. Creed was read by Mrs. D. H. Wall.

A. D. Woolley gave a very interesting talk on "The Sacred Valley."

Mrs. R. S. Orgill gave a "Review of Famous Women."

A demonstration of Apron Patterns was made, and six or seven nice patterns were shown.

### SOMETHING TO THINK ABOUT

Not that we expect these will make much difference to anyone, but merely to give us something to think about we are printing below 33 Essentials of Leadership which we heard discussed briefly in a Sunday night meeting recently.

Because a column or so could be used in writing on each and everyone, and because, personally, we fail to measure up to most of them, we are not going to even attempt to enlarge on them. The speaker suggested when he gave them out, that one might do well to hang them above the kitchen table, and read them over each morning, while at breakfast, and see if one could, by degrees, accomplish the task of fitting himself for leadership. If you feel it a personal impossibility to qualify, it might be a fine thing to take this clipping and keep it in your scrap book, and when you have the opportunity of addressing a congregation, pass these ideas on, so that some of your listeners may be benefitted, and mayhap lead to think them over for themselves. Well here they are, taken from a book by H. H. Horne, entitled, "Essentials of Leadership."

1. Have you a strong body?
2. Have you broken your bad habits?
3. Do you exercise self-control?
4. Are you cheerful and free from grouching?
5. Do you keep your head?
6. Do you think for yourself?
7. Do you remain calm under criticism?
8. Do your friends and assoc-

ates respect you?

9. Can you maintain discipline without a show of power?
10. Can you handle a group of dissatisfied persons?
11. Are you a peace maker?
12. Are you patient with hard to please people?
13. Can you get people to work without irritation?
14. Can you stand opposition?
15. Are delicate situations turned over to you to be handled?
16. Do you make and keep friends?
17. Do you omit scolding about petty or major matters?
18. Do you adjust yourself to strangers and to strange conditions?
19. Are you free from embarrassment in the presence of your employers?
20. Are subordinates at ease in your presence?
21. Can you express an opinion without being over-bearing?
22. Are you interested in folks?
23. Have you tact and diplomacy?
24. Do you exceed your limitations?
25. Have you confidence in the cause?
26. Have you a co-operative, not a compulsory spirit?
27. Are you adapted to the group you seek to lead?
28. Have you a steady will?
29. Do you have vision?
30. Have you power of a single motive?
31. Are you sincere?
32. Are you sometimes alone with your thoughts, yourself and God?
33. Can you set yourself as World Agent?

The application of these requirements to Leadership does not all appear in a flash. But think them over. They will give you something to think about, and anyone who is assuming to be a leader, and does not raise his standards, and try a little harder, after reading over these essentials, is doomed to mediocre success, if not to abject failure.

If you would like extra copies of these let us know, and we will try and provide them.

A BUSINESS LETTER FROM A FARMER ON MORTGAGE

Kitchener, Ont., Jan. 15—  
The following business letter regarding a mortgage arrived recently at Waterloo from a southern Saskatchewan farmer:

"Received your notice calling for payment of 6,238.9. Some figures. This amount has grown from \$4,000 in 1928, our last crop, to \$6,238.92 this year. This is certainly some racket. I wish I could make money as fast. Your offer of giving \$2 for every dollar paid on interest arrears is a step in the right direction but of no avail as we have had no crop this year to pay anything, so you can put a few more figures on for next year, they look nice anyway. You will soon have it up to \$10,000 on paper and on paper it will remain unless you make a real adjustment of balance and give me a definite amount to pay, not one that grows by leaps and bounds like a baby elephant.

I will now list a few figures As you know the original loan, when assumed by me, was \$6,000.00." He proceeded to show by figures what payments had been made, the amount totalling \$8,355.96.

"They say figures don't lie. Well, there they are on original debt of \$6,000 I have paid \$8,355.96 and according to notice, I still owe you more than I originally did. I may be dumb, but what I would like to know is, who the hell owns the place. Only the Lord knows and he won't tell, so if this is a game, I'll take

## BABY CHICKS

The chick season is here and it behooves us all to give particular attention and thought to plans for replenishing our poultry stock for this year. Undoubtedly a large percentage of the chicks for this part of the province will be hatched on the farms, either under hens or in small incubators, but a large number of our producers will no doubt purchase baby chicks from other breeders or from hatcheries. As the natural hatching season does not arrive until April or May, many of our farmers have retained the idea that chicks should not be hatched before April, and could be satisfactorily purchased or hatched in May and June, largely because prices at that time are considerably lower than early in the season. April is a good month for purchasing chicks or having them hatched but any time later than that makes it difficult for the birds to attain maturity in time to come into production for the period of high egg prices in the fall. While the initial cost of the chicks may be two or three cents cheaper in May and June, than in March and April, it does not take very many eggs during September, October and November to make up for this difference and it has been found that the earlier hatched chicks will give better results and greater profits.

At this Station hatching is already well under way and 21 hatches of chicks have been taken

out of the incubator. While this is somewhat earlier than we would recommend for the average farm flock, we have found that our best results are obtained from chicks which are hatched in March or April. The equipment for handling chicks at that season of the year is practically the same as that required later on. In addition it has been found that danger of coccidiosis infection in the brood or houses is less with chicks that are out of the houses previous to the middle of June than with those that are in the houses at that time.

Much has been done during recent years with regard to control of pullorum disease and the Provincial Government has spent large sums of money and much effort in eradicating this disease from the flocks of the province. As a result of this work it is now comparatively easy to obtain chicks from blood tested stock and with the new hatchery approval regulations which are in effect this year further safeguard against this disease has been enforced. Any poultry producers contemplating the purchase of baby chicks should make sure that hatchery or breeder from whom they propose to make their purchases comes under the regulations of the hatchery approval as by so doing they assure themselves of the highest class of baby chicks available on the market.

The purchase and selection of chicks is of vital importance but the big problem is that of rearing these chicks in such a manner that they will mature and be ready to go into production early in the fall. Two funda-

mental principles underly the successful accomplishment of this and if they are understood and followed very little difficulty should be experienced. Proper feeding is essential for the development of the growing bird, but equal in importance is cleanliness in all phases of management, as lack of cleanliness is an inducement for the appearance of diseases and other disorders fatal to the chicks. Up to date information with regard to feeding and management of baby chicks and other classes of poultry may be obtained from the Experimental Station or from the Publicity and Extension Branch, Department of Agriculture, Ottawa.

Elmer Rusk was around the streets Saturday, and apparently feeling fairly well after his serious accident of three weeks ago or so.

Mrs. Wm. Wiggill was hostess at a very enjoyable house party Monday evening when she entertained a few neighbors and friends. Games and refreshments occupied the time of the evening.

The Union Jacks journey north this week-end, where they will meet the Printer's at Calgary, and the Varsity team in Edmonton. They play Edmonton Saturday night and Calgary on Monday.

One Cardston fan was heard to remark after the Leafs' 1-0 victory here Saturday night, that they had a "one period team." It kind of looked that way, because they certainly couldn't get going in the second half.

### News Notes

Arrange NOW to see "THE  
COUNT OF MONTE CRISTO."

Cliff Gough is back to work  
again now, after being laid up  
for a week with tonsillitis and  
influenza.

Mr and Mrs. Gerald "Dob"  
Snow returned to Manyberries  
this week. Dob's school starts  
again Monday next.

The weather was very del-  
ightful Thursday, but was cool-  
er again Friday, with cloudy  
skies and cool wind.

The Taylor Stake Sunday  
School Excursion to the Temple  
Wednesday was very well sup-  
ported there being 165 all told  
in the morning session, a good  
majority of them being from  
the Taylor Stake wards.

Egg prices have been holding  
steady since the colder weather  
set in following sharp declines  
during the warm spell we had.  
Beef and pork prices have ad-  
vanced, and growers are receiv-  
ing more for their marketable  
stuff than they have for a long  
time.

The Jacks left Friday after-  
noon for Edmonton where they  
play tomorrow night. Jack Judd  
and Lloyd McPhee were driv-  
ers of the cars for the trip.  
They play the Calgary Printers  
Monday night. We wish them  
luck.

The Jacks won 34-33 over  
Lethbridge Aces Wednesday  
night. "Bert" says the Jacks  
hit the hoop 39 times, and the  
ball refused to go in. Lethbridge  
had better luck when they  
had the opportunity of shoot-  
ing. Keep up the fight Jacks,  
that's what wins ball games.

## Facts About Raymond

During our short time in Lethbridge we  
have supplied 72 Raymond people with  
glasses. They can be classified as follows:

|                      |    |                |    |
|----------------------|----|----------------|----|
| Near Sighted         | 5  | Astigmatism    | 12 |
| Far Sighted          | 15 | Near Sight and |    |
| Normal Vision but    |    | Astigmatism    | 12 |
| need reading glasses | 3  | Far Sight and  |    |
|                      |    | Astigmatism    | 24 |

Those with one eye near sighted and one eye far  
sighted one.

The word astigmatism literally means "without  
a point," a condition in which the waves of light are  
not focussed at one point.

Perhaps you too, need glasses. Why not arrange  
to have an examination by our Sight Specialist.

PRICES ALWAYS REASONABLE.

## Announcement

DO NOT MISS "The Count of Monte Cristo" at the Capitol, Friday and Saturday. It's as fine as anything you have ever seen. You will want to see it more than once.

Workmen were busy Friday forenoon making a door into the premises of Frank's Coffee Shop, on the south side. Milt Strong did the brick work.

Reginald Smith, of Cardston search work on every pedigree genealogist is contemplating a submitted to him, for the sum journey through the British of \$5.00 which is a very reason- isles, seeking genealogical in- able offer and promises abun- formation. To assist him and ant returns for the money ex- the people of the Canadian pended. Read his proposal below Stakes, he is offering to do re and act at once if interested:

### PROPOSAL

I, Reginald Smith, being duly qualified, hereby agree that for the consideration of Five Dollars (\$5.00) for any one Pedigree, that I will make personal re- search on at least four of the surname lines thereon, visiting the parish churches, and other repositories, getting access to the various registers and gath- ering all the genealogical data found therein on the various surname lines.

Only by this co-operative me- thod can this work be undertak- en at this small fee, therefore I must ask that all information you may have be entered in good legible form on proper pedigree blanks, with any traditional history that may assist in the research, to be written on back of the pedigree form.

In order to prevent duplica- tion in research, if you have previously received any consid- erable number of names on any one or more of your lines from any person, society, or place, please make this known.

This offer is made subject to there being at least one hundred (100) patrons. All remittances must accompany pedigree and be in Cardston not later than March 31, 1935.

Where members of the L. D. S. Church desire to co-oper- at in ward capacity, twelve (12) separate pedigrees will be undertaken at the price of ten.

This plan has the full endor- sation of the Alberta Temple Presidency, also the Alberta Stake Genealogical Committee, and we feel is entirely worthy of your support.—Ed.
